

INFORMATION TECHNOLOGY
ENTERPRISE SOLUTIONS - 2 HARDWARE (ITES-2H)

The scope of the Information Technology Enterprise Solutions – 2 Hardware (ITES-2H) contract includes IT hardware solutions of commercial off-the-shelf RISC/EPIC servers, Windows based servers, workstations, thin clients, desktop and notebooks (as part of a total solution), storage systems, networking equipment, network printers, cables, connectors, cabinets, video teleconferencing equipment (VTC), power supplies and related ancillaries. Services include: system configuration and integration, physical site analysis, installation and relocation, high availability configuration and legacy equipment warranty/maintenance. Ordering is open to Army only.

PURPOSE

The purpose of the ITES-2H contracts is to provide all hardware and related software and services for end-to-end equipment solutions. It is important to note that although ITES-2H provides for the purchase of personal computers and notebooks, these are for the fielding of a complete system or as part of a total design solution, as opposed to a personal computer or notebook replacement vehicle.
