TERMS AND CONDITIONS**Blanket Purchase Agreement
DoD Enterprise Software Agreement (ESA)**

In the spirit of the National Performance Review, The Army Contracting Agency – Information Technology, E-Commerce and Commercial Contracting Center (ITEC 4) on behalf of DoD, and Computer Associates International, Inc. (CA) hereby enter into a cooperative agreement to further reduce the administrative costs of acquiring commercial items from the General Service Administration (GSA) Federal Supply Schedule Contract.

Federal Supply Schedule (FSS) Contract Blanket Purchase Agreements (BPA) reduce contracting and open market costs such as: search for sources, the development of technical documents, solicitations, and the evaluation of bids and offers.

This BPA will further decrease costs, reduce paperwork, and save time by eliminating the need for repetitive, individual purchases from the schedule contract. The end result is to create a purchasing mechanism for the Government that works better and costs less.

The Enterprise Software Initiative (ESI) is a joint DoD project to develop and implement a DoD enterprise process. This BPA is issued in the spirit of the policy and guidelines provided in the Defense Federal Acquisition Regulation Supplement (DFARS) Section 208.74.

Exhibits to this agreement are:

- a. CLINs
- b. Order Transaction Report
- c. Vendor Status Report
- d. Fee For Service Report

A. TERMS AND CONDITIONS**1. General**

a. Pursuant to GSA FSS Contract Number GS-35F-0823M, Computer Associates International, Inc. (CA) agrees to the following terms of a BPA with ITEC4. All orders placed against this BPA are subject to the terms and conditions of the FSS Contract. Remaining stock fund and prepayment associated with BPA No. DAAB15-99-A-0018 will be transferred to this BPA.

b. License Transferability. In the event Government Licensee has a need to transfer the CA software or software licenses, such Government Licensee will notify CA in writing in advance and CA, in good faith, will review the circumstances with the Government Licensee to determine what is required to effect the transfer. Transfers within individual agencies can be made at no additional charge as long as CA is notified in writing in advance of the particulars of the transfer

and use does not exceed the licensed use limitations. For clarification, "within individual agencies" means Army may transfer within Army, Navy may transfer within Navy, etc. Software licenses purchased under this BPA are subject to the licensing provisions and the terms of the above referenced GSA FSS Contract. Any delivery order issued hereunder will serve as proof of purchase.

2. Products Available Under this BPA

CA Enterprise Management and Security Products, Services and Education on the Computer Associates International, Inc. (CA) GSA FSS Contract Number GS-35F-0823M are available under this BPA.

3. Pricing

The pricing set forth on Exhibit A for each respective CLIN 0001 through 0007 is fixed until the inventory set forth in the BPA Management and Oversight Section, paragraph 9.b. of this BPA is depleted. Once such inventory is depleted, the parties will modify this BPA to incorporate unit prices and rates for this BPA that are based on discounts off of CA's then-current GSA Schedule pricing. Upon award of changes to Computer Associates International, Inc. (CA)'s GSA FSS Contract Number GS-35F-0823M for products and services, the Contracting Officer must be notified in writing. (See paragraph C.2.f) The BPA will be modified by mutual agreement of the parties. An e-mail will be provided by CA to the Contracting Officer with access to the updated GSA Schedule pricing. Modifications to the BPA are not retroactive and will apply to orders placed only after the effective date of such change.

4. Prevailing Terms and Conditions

All orders placed against this BPA are subject to the terms and conditions of the Computer Associates International, Inc. (CA) GSA FSS Contract Number GS-35F-0823M. The terms and conditions included in this BPA apply to all purchases made pursuant to it. In the event of an inconsistency between the provisions of the BPA and the Computer Associates International, Inc. (CA) GSA FSS Contract Number GS-35F-0823M, precedence will be given to the order, then provisions of this BPA, and then the GSA Schedule.

5. Duration of BPA

This BPA shall be effective from the date of BPA award and is to run concurrent with the GSA schedule contract including renewals. This expiration is contingent upon Computer Associates International, Inc. (CA) maintaining or renewing a GSA FSS Contract. The BPA will be reviewed annually to ensure that it still represents a "best value." Either party may terminate this BPA with thirty (30) days written notice.

6. Ordering Period

The ordering period for all items under this BPA is the same as the duration of the BPA set forth in paragraph 5, above.

7. Obligation of Funds

This BPA does not obligate any funds. The Government is obligated only to the extent of authorized purchases actually made through orders issued under this BPA.

8. Media Replacement, Functionality Replacement and Extended Support.

In the event of loss or damage of media, CA agrees to replace such media at no charge to the Government. If the form, fit, or functionality contained in any licensed products acquired hereunder (“Original Software”) is substantially reduced or if the product is replaced, and/or (the contractor), provides this same or substantially similar functionality as a separate or renamed product, then the DoD is entitled to license such separate or renamed software at comparable use limitations and at no additional licenses or maintenance fees beyond those fees due under the license for the Original Software. However, throughout the term of this agreement, the contractor will provide DoD notice 12 months prior to the discontinuance of support services for a licensed software product.

9. Rights of Survivorship of the Agreement.

This Agreement shall survive unto CA, its Successor, rights and assigns. The software and agreement terms and conditions as covered under this agreement shall survive this agreement notwithstanding the acquisition or merger of CA by or with another entity. Any software name changes, re-packing or merger of similar products that carry forward the same or similar function of the software shall be supported with updates, upgrades and new releases under this agreement at comparable use limitations and at no additional cost beyond those due under the original software license.

The Contractor is responsible for distributing the ACT fee to all applicable Services in accordance with the instructions herein. The Computer Associates International, Inc. (CA), Inc. point of contact, at a minimum, is required to participate in periodic management reviews (which may require travel to a Government named site). Additional functions would include customer service, periodic program management reviews, invoicing, payment and submission of quarterly reports. 2. Reporting.

Computer Associates International, Inc. (CA), Inc. shall provide the following reports to APM-ASCP on a quarterly basis:

- Order Transactions Report (EXHIBIT B)

The Contractor shall follow GSA procedures for electronic loading of ESI contract information to the VITM and will be responsible to ensure that the VITM data is maintained in a current status.

7. Enterprise Integration Toolkit. The Enterprise Integration Toolkit is a program developed by the Assistant Deputy Under Secretary of Defense (L&MR) Logistics Systems Management (LSM) to assist DoD Program Managers, Contracting Officers and members of the Integrated Project Team (IPT) in the acquisition and implementation of Commercial Off The Shelf (COTS) Business Systems Software.

The Toolkit provides guidance, processes and tools to define program needs and determine how to best meet those needs through an external acquisition via a three-tiered Roadmap to guide the entire life-cycle from problem definition to solution roll-out. It provides a collection of best practice tools adopted from the commercial industry, and includes more than 100 best practice templates, guides, checklists and samples.
