SECTION C - DESCRIPTIONS AND SPECIFICATIONS

The following have been modified:

BPA ENTERPRISE SOFTWARE AGREEM

Enterprise Software Initiative

Quest Software, Inc.

BPA Proposal

May 18, 2005

**Blanket Purchase Agreement
DoD Enterprise Software Agreement (ESA)**

In the spirit of the **Federal Acquisition Streamlining Act**, the Department of Defense (DoD) and Quest Software, Inc. enter into a cooperative agreement to further reduce the administrative costs of acquiring commercial items from the General Service Administration (GSA) Federal Supply Schedule Contract #GS-35F-0593K.

Federal Supply Schedule Contract Blanket Purchase Agreements (BPA) reduce contracting and open market costs such as: search for sources, the development of technical documents, solicitations, and the evaluation of bids and offers.

This BPA will further decrease costs, reduce paperwork, and save time by eliminating the need for repetitive, individual purchases from the schedule contract. The end result is to create a purchasing mechanism for the Government that works better and costs less.

The Enterprise Software Initiative (ESI) is a joint DoD project to develop and implement a DoD enterprise process. This BPA is issued in the spirit of the policy and guidelines provided in the Defense Federal Acquisition Regulation Supplement (DFARS) Section 208.74.

Attachments to this agreement are:

- a. Attachment A – Product and Price List
- b. Attachment B – License Agreement
- c. Attachment C – Report of Sales Format
- d. Attachment D – Fees and Payments

A. TERMS AND CONDITIONS

1. Pursuant to General Services Administration (GSA) Federal Supply Services (FSS) Contract Number GS-35F-0593K, Quest Software, Inc. agrees to the following terms of a Blanket Purchase Agreement (BPA) with the ACA Information Technology, E-Commerce and Commercial Contracting Center (ITEC4). All orders placed against this BPA are subject to the terms and conditions of the FSS Contract. The items on this BPA are set forth in Attachment A. License terms and conditions applicable to products acquired under this BPA are defined in the Quest Software, Inc. License Agreement included as Attachment B. The Order of Precedence for resolving any inconsistency between the Commercial License and the GSA contract terms shall be as specified in the GSA contract's Commercial Item clause, FAR 52.212-4, and the provisions of FAR 52.212-4 specified in FAR 12.302, as required by Federal law, shall prevail over any terms of the commercial license.

2. **Extent of Obligation.** The Government is obligated only to the extent of authorized purchases actually made under this BPA.

3. **Funds Obligation.** The BPA does not obligate any funds. Funds will be obligated on each delivery order.

4. **BPA Term.** The BPA expires five (5) years after award. This expiration is contingent upon the Contractor maintaining or renewing a GSA FSS Schedule. The BPA will be reviewed annually to ensure that it still represents a “best value”.

5. **Pricing Terms.** Attachment A provides unit prices as explained below. Prices may increase or decrease consistent with changes in the underlying GSA schedule. Spot discounting is encouraged. The prices will be reviewed annually, or as required to determine whether a reduction is appropriate in accordance with the price reduction provisions of the agreement. A 2.0% Acquisition, Contracting, and Technical (ACT) Fee shall be included in the prices. The contractor shall be responsible for the payment of all fees that are included in the product pricing (i.e. GSA, ACT), as calculated on the customer orders, in accordance with Attachment D.

6. **Discount Terms and Conditions.**

All line items on this BPA are discounted by at least three percent (3%) from Quest Software's GSA Contract #GS-35F-0593K. Additional volume discounts will be applied on a transaction basis (per order) using the discount schedule in Attachment A.

7. **Out-Year Prices.**

Volume discounts are calculated on a transactional basis and are not governed by agreement year. Discounts are not cumulative across orders against the BPA. The unit price for the discount level on Attachment A is not subject to upward adjustment during the term of the BPA.

8. **Price Reduction.**

8.1 **Most Favored Customer Prices.** The prices under this BPA shall be at least as low as the prices that Quest Software, Inc. has under any other contract instrument under like terms and conditions. If at any time the prices under any other contract instrument become lower than the prices in this BPA, this BPA will be modified to include the lower prices.

8.2 **SmartBUY Transition.** OMB has recently announced the SmartBUY initiative to maximize cost savings and achieve best quality when acquiring software. The General Services Administration (GSA) is the designated Executive Agent for SmartBUY. The initiative will establish software enterprise licensing on a government-wide basis. If during the term of this ESA, Quest Software, Inc. and its resellers enter into a government-wide agreement with the GSA under the SmartBUY Initiative, which includes pricing for the specific products or services under similar terms and conditions as those licensed by the DoD, neither Quest Software, Inc. or its resellers will preclude the DoD from licensing products or purchasing services under a SmartBUY agreement.

9. **License Agreement.**

Attachment B is the Software License Agreement for software licenses purchased from Quest Software, Inc. Notwithstanding any provision to the contrary, except for licenses for Software used to move (including, without limitation, migrate or convert) data from one platform or system to another, licenses are transferable by Licensee with written notice to Quest to any entity into which Licensee is merged or consolidated. **This statement of transferability takes precedence over the statement of non-transferability in Section 2 of Attachment B – Software License Agreement.** Software licenses purchased under this BPA are non-exclusive, perpetual use

licenses subject to the licensing provisions and the terms of the GSA Contract. Any delivery order issued hereunder will serve as proof of purchase.

9.1 Functionality Replacement and Extended Support. If the form, fit, or functionality contained in any licensed products acquired hereunder and for which DoD continuously purchases Maintenance Services is substantially reduced or if the product is replaced, and/or (the contractor), provides this same or substantially similar functionality as a separate or renamed product, provided such separate or renamed product does not include substantially more or additional functionality than the product being replaced, then the DoD is entitled to license such software at no additional licenses or maintenance fees. However, throughout the term of this agreement, the contractor will provide support services for a period of one year from the date each licensed product is first licensed.

9.2 Rights of Survivorship of the Agreement. This Agreement shall survive unto Quest Software, Inc., its Successor, rights and assigns. The software and agreement terms and conditions as covered under this agreement shall survive this agreement notwithstanding the acquisition or merger of Quest Software, Inc. by or with another entity. (Note: covered in 9.1).

9.3 Audits. In lieu of any audit provisions in the license agreement, Licensee may perform an internal audit and will use its best efforts to keep full and accurate accounts that may be used to properly ascertain and verify numbers of licenses in use. Licensee may permit Quest Software, Inc. to have access to Licensee records and computer systems and the right to audit such systems to insure software use is in accordance with its license terms. All vendor personnel must have appropriate security clearances to gain access to Licensee site or data.

10. Media.

Most Quest Software products may be either downloaded after purchase and all are available to be delivered on electronic media. Upon Credit Card or Purchase Order Approval, the end-users will be sent an email confirmation and their *Quest Software* Customer ID (CID) will be validated for download capability. The end user can then go to <http://questsupportlink.quest.com/default.asp> and enter their valid CID for download of the Software products.)

11. Support and Maintenance.

11.1. **Support.** Further details for Support Services are identified in Attachment B.

11.2. **Maintenance.** Software purchases include Maintenance Services for a period of one (1) year. Further details for Maintenance services are identified in Attachment B.

12. **Professional Services.** Professional services offerings vary by product and are described in Attachment A. All professional services sales must include a Statement of work (SOW) signed by the customer.

13. **On-Site Training.** Training offerings vary by product and are described in Attachment A.

14. **Technology Improvement.** The Government may solicit and the BPA holder is encouraged to propose independently, technology improvements to the BPA. Proposals shall be submitted by the BPA holder and include a description of the products and/or services, an electronic copy of the pricing tables, technical literature that describes the products and/or

services, and evidence of inclusion on GSA schedule. Discounts shall be at the same or greater discount level as the original BPA product prices.

15. Substitution and Technology Refreshment. If at any time during the life of this BPA, the original manufacturer of the equipment (includes software, hardware and firmware) schedules the products for discontinuation, improvement and/or replacement, the BPA holder shall provide a proposal to include the new or revised products on the BPA under the appropriate line items. Proposed prices for new or revised products shall be constructed in accordance with paragraph 8 of this BPA for most favored prices. Discounts shall be at the same or greater discount level as the original BPA product prices. Quest shall make commercially reasonable efforts to submit Proposals to the Contracting Officer within seven (7) days of the BPA holder's written notification to Quest of its awareness of the OEM's intent. Improvement of product includes new releases, updates, upgrades including additional features and functionality, and successor or upgrade products.

B. AUTHORIZED USERS AND POINTS OF CONTACT

Authorized Users. The BPA is open for ordering by all Department of Defense (DoD) Components. For the purposes of this agreement, a DoD component is defined as: the Office of the Secretary of Defense (OSD), the Military Departments, the Chairman of the Joint Chiefs of Staff, the Combatant Commands, the Inspector General of the Department of Defense (DoD IG), the Defense Agencies, the DoD Field Activities, the U. S. Coast Guard, and the Intelligence Community. This BPA is also open to DoD Contractors authorized to order in accordance with the FAR Part 51.

Authorized Users. This has been designated as a DoD ESI Contract and is open for ordering by all , Department of Defense (DoD) Components, and authorized contractors. This BPA is also open to DoD contractors authorized to order in accordance with FAR Part 51.

C. ORDERING

1. DFARS Section 208.74 directs DoD software buyers and requiring officials to check the DoD ESI website for DoD inventory or an ESA before using another method of acquisition. These steps for the buyer are summarized from the DFARS:

- a. Check the Enterprise Agreement Summary Table to determine if software rights or maintenance have already been purchased and are available from DoD inventory. If they are available, purchase the designated software from DoD inventory and reimburse the SPM.
- b. If the required software rights or maintenance are not available from inventory or from an ESA, you may use an alternate method of acquisition, subject to laws and policy.
- c. If the required software rights or maintenance are not available from inventory but are available from an ESA, you must follow the procedure in the DFARS Section 208.74.
- d. If you must obtain the software or software maintenance outside the DoD ESA, you may seek a waiver from a management official designated by your DoD Component.

This BPA will be posted to the DoD ESI website as part of the ESI program. The web site can be viewed at <http://www.esi.mil>. The Government will also post this contract to the Army Small Computer Program website at: <https://ascp.monmouth.army.mil/scp/index.jsp>.

2. **Delivery Orders.** The scope of this effort is worldwide. Delivery requirements and administration will be stipulated on Delivery Orders. (*See examples below*)

Notice to Ordering Offices: When ordering services, ordering offices are responsible for compliance with GSA's Ordering Procedures for Services and DFARS 208.404-70.

Example 1: Ordering via this BPA is decentralized. Orders are prepared by a Government Ordering

Officer (a duly warranted Contracting Officer whose warrant authorizes purchases from the GSA Schedule), in accordance with the terms and conditions of this BPA and the GSA Schedule. Orders may be placed by EDI, credit card, facsimile, on an authorized form such

as a Standard Form (SF) 1449 or Department of Defense (DD) Form 1155, or by logging on to the Quest Software purchasing page at the Army Small Computer Program website <https://ascp.monmouth.army.mil/scp/index.jsp>.

Example 2: Ordering instructions may be found at the Army Small Computer Program website <https://ascp.monmouth.army.mil/scp/index.jsp>.

Attachment A-1-Active Directory Products have been established in accordance with FAR 8.405-1. Orders placed against Attachment A-1 may be placed as the need for the Products arise.

Orders placed against Attachment 2- All Other Items are required to be ordered using the procedures set forth in FAR 8.405-1 or 8.405-2 as applicable.

3. Users' Ordering Guide. The Contractor shall develop a Users' Ordering Guide in coordination with the Government that will be posted to the Contractor web site and various Government sites. The Ordering Guide shall be submitted to the SPM and PCO within thirty (30) days of BPA issuance and made available on the Contractor's home page upon written approval. This guide shall be continuously updated as required. The guide shall contain all information necessary for geographically dispersed activities to place orders, including, as a minimum:

- a. URL where a complete list of products available, with appropriate contract line item numbers (CLINs) and associated prices can be found
- b. Government and Contractor Points of Contact
- c. Description of the ordering process
- d. Program Terms and Conditions
- e. License Terms and Conditions
- f. Information necessary to complete a DD350 (such as CAGE, DUNS, TIN, Business Size, etc.)
- g. Range of discounts
- h. Links to DoD ESI and the Government web sites

4. E-Commerce Site. It is the intention of the Government to use existing and future capability of the DoD Standard Procurement System, Electronic Data Interchange (EDI) capability, Government procurement card, and vendor electronic ordering capability to create a paper-less ordering, invoicing and payment process. During the term of the BPA, the Contractor shall participate to achieve this objective.

On-line ordering can also be accomplished at <https://ascp.monmouth.army.mil/scp/index.jsp>.

This BPA may also be loaded into the electronic catalog systems of other DoD agencies.

5. Delivery Schedule.

The Contractor shall deliver media (the current media is compact disks, or CDs) to the requested destination or make the software available for electronic delivery with seven to ten calendar days after receipt of order.

6. **Delivery Notice.** Unless otherwise agreed to, all deliveries ordered under this BPA must be accompanied by a delivery notice, ticket or sales slips that must contain at a minimum the following information:

- a. Name of Contractor
- b. GSA Contract Number
- c. BPA Number
- d. Product Description/Model numbers
- e. Delivery order number
- f. Date of purchase
- g. Quantity, unit price and extension of each item (unit prices need not be shown when incompatible with the use of automated systems; provided that the invoice is itemized to show the information)
- h. Date of shipment

7. **Suspension.** There may be occasions where the Government may suspend ordering (by CLIN up to and including the entire BPA.) If a suspension is announced, the Contractor shall adhere to this suspension by not accepting/processing delivery orders for the suspended item(s).

D. INVOICING AND PAYMENT

1. **Invoicing.** The requirements of a proper invoice are as specified below as required by FAR 52.212-4 in the Federal Supply Schedule contract. Full text of this clause can be found on the web at URL: <http://farsite.hill.af.mil/>. The contractor shall submit an original invoice and three copies (*or electronic invoice, if authorized*), to the address specified on the delivery orders issued against the BPA. An invoice must include:

- a. Name and address of the Contractor
- b. Invoice date
- c. Contract number, contract line item number and, if applicable, the order number
- d. Description, quantity, unit of measure, unit price and extended price of the items delivered
- e. Terms of any prompt payment discount offered
- f. Name and address of official to whom payment is to be sent
- g. Name, title, and phone number of the person to be notified in event of defective invoice

Invoices will be handled in accordance with the Prompt Payment Act (31 U.S.C. 3903) and Office of Management and Budget (OMB) Circular A-125. Prompt Payment Contractors are encouraged to assign an identification number to each invoice.

2. **Fast Payment Procedure** The provisions of FAR 52.213-1 FAST PAYMENT PROCEDURE (*FEB 1998*) are incorporated in this BPA by reference and pertain to Credit Card purchases or other applicable order deliveries. Fast Payment procedures may be used when the conditions of FAR 13.402 are met and the delivery order authorizes Fast Payment. Full text of this clause can be found on the web at URL: <http://farsite.hill.af.mil/>.

3. **Precedence.** The terms and conditions included in this BPA apply to all purchases made pursuant to it. In the event of an inconsistency between the provisions of the BPA and the Contractor's invoice, the provisions of the BPA will take precedence.

E. BPA MANAGEMENT AND OVERSIGHT

1. The Contractor must provide centralized administration, in the form of a Program Manager, in support of all work performed under this BPA. The Program Manager, at a minimum, is required to participate in periodic program management reviews (which may require travel to a Government named site). Additional functions would include customer service, periodic program management reviews, invoicing, payment and submission of monthly and quarterly reports.

2. **Report of Sales.** Consistent with Clause C.22 of the GSA Schedule, a Report of Sales as described herein shall accompany the remittance of the ACT Fees to enable verification of the fee amounts rendered. Submission of the Report of Sales shall be submitted to the SPM and the PCO in electronic format within fifteen (15) days following the completion of the monthly reporting period, or as otherwise requested by the SPM. The report shall be submitted in the standard format shown in Attachment C. Negative reports are required. The SPM or PCO shall provide written approval of each report. At the end of each calendar quarter, the written approval provided to the contractor will be accompanied by a request to remit ACT fees. The SPM or PCO will provide copies of the Report of Sales on a quarterly basis to the DoD Components participating in fee sharing. If the BPA contains services, current ACT fee paid by Delivery Order and total ACT fees paid will be included in the report.

3. **Universal Standard Products and Services Code.** The Universal Standard Products and Services Code (UNSPSC) is a required field of the Report of Sales found in Attachment C. The UNSPSC code permits software asset management through a standard coding structure. The UNSPSC is a coding system used to classify both products and services for use throughout the global marketplace. The management and development of the UNSPSC Code is coordinated by ECCMA, the Electronic Commerce Code Management Association. The current version consists of more than 16,000 terms and is available free as a download at <http://www.unspsc.org>.

4. **Records.** The Contractor shall maintain archival copies of all orders for the life of the BPA. Copies shall be made available to the Government upon request.

5. **Army Information Technology Conference.** Quest Software will exhibit at the Army Information Technology Conference (AITC) during the existence of this BPA.

6. **Sales Leakage.** The goals of the ESI Program can only be realized through cooperation between the Government and the Contractor to direct appropriate sales through the ESI vehicles. The Contractor shall ensure that all sales personnel are aware of the ESI Program and enforce the policy that this BPA is the preferred procurement vehicle for the products within. The Contractor shall also establish a process to regularly audit sales to Government buyers, determine where sales outside the ESI vehicle are occurring, and take appropriate action to direct further sales through the ESI vehicle. Results of these audits will be presented as an agenda item during PMRs.

7. Marketing. The Contractor shall dedicate reasonable resources to this effort and work to market and advertise this agreement. Desired actions include: advertising resultant vehicles on the contractor's Internet site and advertising the agreement at relevant trade shows, participation in DoD Component sponsored events and news media geared to Government/DoD IT people.

8. Virtual IT Marketplace. ESI and GSA have partnered to create the Virtual IT Marketplace (VITM). The VITM interfaces with GSA Advantage and provides ESI agreement product information to the DoD customer. The Contractor shall follow GSA procedures for electronic loading of ESI contract information to the VITM and will be responsible to ensure that the VITM data is maintained in a current status. The VITM may be accessed at www.VITM.gov.

9. Enterprise Integration Toolkit. The Enterprise Integration Toolkit is a program developed by the Assistant Deputy Under Secretary of Defense (L&MR) Logistics Systems Management (LSM) to assist DoD Program Managers, Contracting Officers and members of the Integrated Project Team (IPT) in the acquisition and implementation of Commercial Off The Shelf (COTS) Business Systems software.

The Toolkit provides guidance, processes and tools to define program needs and determine how to best meet these needs through an external acquisition via a three-tiered Roadmap to guide the entire life-cycle from problem definition to solution roll-out. It provides a collection of best practice tools adopted from the commercial industry, and includes more than 100 best practice templates, guides, checklists, and samples.

Because the Toolkit is not vendor specific and may be applied across a variety of COTS software package implementations, including this BPA, the Contractor, shall be familiar with the Toolkit and include as part of the Marketing effort required above, a description of the Toolkit for their customers, and a link to the Enterprise Toolkit web site at: <http://www.eitoolkit.com>

10. Accounting for Contractor Support Reporting for Army Service Requirements under this BPA

The Office of the Assistant Secretary of the Army (Manpower & Reserve Affairs) operates and maintains a secure Army data collection site where the contractor shall report ALL contractor manpower (including subcontractor manpower) required for performance of this contract. The contractor is required to completely fill in all the information in the format using the following web address: <https://contractormanpower.army.pentagon.mil>. The required information includes: (1) Contracting Office, Contracting Officer, Contracting Officer's Technical Representative; (2) Contract number, including task and delivery order number; (3) Beginning and ending dates covered by reporting period; (4) Contractor name, address, phone number, e-mail address, identity of contractor employee entering data; (5) Estimated direct labor hours (including subcontractors); (6) Estimated direct labor dollars paid this reporting period (including subcontractors); (7) Total payments (including subcontractors); (8) Predominant Federal Service Code (FSC) reflecting services provided by contractor (and separate predominant FSC for each subcontractor if different); (9) Estimated data collection cost; (10) Organizational title associated with the Unit Identification Code (UIC) for the Army Requiring Activity (the Army Requiring Activity is responsible for providing the contractor with its UIC for the purposes of reporting this information); (11) Locations where contractor and subcontractors perform the work (specified by zip code in the United States and nearest city, country, when in an overseas location, using

standardized nomenclature provided on website); (12) Presence of deployment or contingency contract language; and (13) Number of contractor and subcontractor employees deployed in theater this reporting period (by country). As part of its submission, the contractor will also provide the estimated total cost (if any) incurred to comply with this reporting requirement. Reporting period will be the period of performance not to exceed 12 months ending September 30 of each government fiscal year and must be reported by 31 October of each calendar year. Contractors may use a direct XML data transfer to the database server or fill in the fields on the website. The XML direct transfer is a format for transferring files from a contractor's systems to the secure website without the need for separate data entries for each required data element at the website. The specific formats for the XML direct transfer may be downloaded from the website.

F. Standards.

1. **YEAR 2000 Compliance.** All products provided under this BPA shall be Y2K compliant as defined in FAR 39.002.
2. **JTA Compliance.** All products offered shall comply with the appropriate Publicly Available Standards (PAS) (e.g., TIA, EIA, ANSI, IEEE, ISO) and the applicable DoD information technology standards contained in the Joint Technical Architecture (JTA). More information on this standard can be found at <http://jta.disa.mil>.
3. **Section 508 of the Rehabilitation Act Compliance.** Quest has completed Voluntary Product Accessibility Templates for many of our applicable products. We are continuing towards full compliance with Section 508 by making this part of our development processes for product upgrades as well as new product development.
4. Applicable Standards
 - 52.204-2 -- Security Requirements (Aug. 1996)
 - 52.237-2 -- Protection of Government Buildings, Equipment, and Vegetation (Apr 1984)
 - 252.201-7000 -- Contracting Officers Representative (Dec 1991)

SERVER BASED LICENSING

All Software licensed on a per-server basis may only be used on the server for which it is originally licensed, and, if the license fee for the Software is determined by reference to a tier or other criterion ("Tier"), such Software may be used only on a computer included within the Tier specified. Upon Quest's prior written consent the Software may be transferred from one computer to another computer; provided, however, that if Licensee transfers such Software to another computer of a higher Tier than the Tier for which it was originally licensed, Licensee shall become obligated to pay to Quest an additional license fee for such Software.

SEAT BASED LICENSING

Any software which is licensed on a per-seat basis may only be used on the number of seats indicated on this form. Any usage beyond such amount shall obligate Licensee to pay Quest additional fees.

STORAGEEXPERT LICENSING

Each StorageXpert license above is based upon the storage capacity of Licensee's operating system may only be used on an operating system of Licensee which does not exceed the tier indicated on this form. Any usage beyond such amount shall obligate Licensee to pay Quest additional fees.

NAMED USER BASED LICENSING

Any Software which is licensed for use by a named user may only be used by that named user. Any usage by another user shall obligate Licensee to pay Quest additional fees.

SERVER (VP DE) VISTA PLUS DEPARTMENTAL

All Vista Plus Departmental Edition ("VPDE") Software is licensed on a per-server basis may only be used on the server for which it is originally licensed. Upon Quest's prior written consent the VPDE Software may be transferred from one computer to another computer. The VPDE fees are per instance of all components on a single server, however JME and WebView Clients may reside on a server other than the primary Vista Instance. Except of the JME Client, the VPDE Software may not be configured to communicate with any other Vista Plus Server. Use of the VPDE Software is limited to 199 named users and/or 99 printer paths. Any usage of the VPDE Software beyond the scope described herein shall obligate Licensee to pay Quest additional fees.

SERVER (VP EE) VISTA PLUS ENTERPRISE EDITION

All Vista Plus Enterprise Edition ("VPEE") Software is licensed on a per-server basis and may only be used on the server for which it is originally licensed. The VPEE Software is priced per-instance of all components on a single server. Upon Quest's prior written consent the VPEE Software may be transferred from one computer to another computer. Any usage beyond this scope shall obligate Licensee to pay Quest additional fees.

SITE LICENSE

Software licensed on a Site License basis may be used by Licensee without limitation as to the size or number of computers, and only on computers located at the "Ship To" site indicated on this Quotation. Any usage beyond this scope shall obligate Licensee to pay Quest additional license fees.

NODE LOCKED

For each Node-Locked license granted, Licensee may install the Software on the platform indicated above, and use the Software on the specific machine designed by Licensee at the time the license is activated. The console may be installed on a separate machine which also shall be designated by Licensee at the time the Software is activated. Each pairing of the analysis engine with a console may be used by only one named user. Any usage of the Software beyond this scope shall obligate Licensee to pay Quest additional fees.

CONCURRENT

For each Concurrent license granted, Licensee may install the Software on any number of client machines, provided that all such client machines are connected to Licensee's concurrent license server. The Software may be used by the number of concurrent users licensed under this Quote and on the platform type identified above. The Software may only be used in the local geographic time zone at the "Ship To" address on this Quotation Form. Any usage of the Software beyond this scope shall obligate Licensee to pay Quest additional fees.

BYTE CODE USER

For each Byte Code Production Server license, Licensee may deploy the Software on one machine which shall be designated by Licensee at the time the license is activated. Licensee may deploy the class libraries of the Software as an integral part of an application only in byte code form, and provided that the class libraries of the Software perform an integral part of the applications identified by Licensee prior to the delivery of the Software. Said applications may be used by Licensee solely for Licensee's internal

purposes and may not be resold, sublicensed, or distributed to third parties. Any usage of the Software beyond this scope shall obligate Licensee to pay Quest additional fees.

BYTE CODE CPU

For each Byte Code CPU license granted, Licensee may install and use the Software on a server containing one (1) CPU, such server shall be designated by Licensee at the time the license is activated. Any usage of the Software beyond this scope shall obligate Licensee to pay Quest additional fees.

SOURCE CODE

For each Source Code license granted, Licensee may derive binary code there from (the "Binary Code") on a single computer after registration of that computer' CPU identification with Quest. The Source Code and Binary Code are Confidential Information subject to the Agreement. One license must be purchased for each machine upon which the Source Code and/or Binary Code will be used. Any usage of the Software beyond this scope shall obligate Licensee to pay Quest additional fees.

BASE LICENSE

For each Base License granted, Licensee may (i) install the nexus on one server, (ii) install the workstation on one machine, (iii) install an unlimited number of web server agents, and (iv) an unlimited number of system agents for database servers. Each such server, machine, and web server to be designated by Licensee at the time of license activation. Any usage of the Software beyond this scope shall obligate Licensee to pay Quest additional fees.

NEXUS

Licensee may install the PERFORMASURE NEXUS Software on the number of servers identified in the license quantity field above. Licensee may transfer the Nexus Software among various servers provided that the Nexus Software is not at any time installed on a number of servers that is greater than such quantity. Any usage beyond this scope shall obligate Licensee to pay Quest additional fees.

APPLICATION SERVER AGENT

The Application Server Agent Software may be used on a single application server containing the number of CPU's identified in the quantity of Application Server Agent licenses granted above. Any usage of the Software beyond this scope shall obligate Licensee to pay Quest additional fees. The Software contains features designed to prevent the operation of the Software in excess of the licensed scope.

WORKSTATION

The PERFORMASURE WORKSTATION Software may be installed on any number of client machines. However, the quantity of PERFORMASURE WORKSTATION licenses specified above indicates the maximum number of users who may use the Software. Any usage beyond this scope shall obligate Licensee to pay Quest additional fees.

LOADRUNNER CONNECTOR

For each LoadRunner Connector license granted, Licensee may install and use the Software on one server. Any usage beyond this scope shall obligate Licensee to pay Quest additional fees.

STANDALONE BASE SERVER

For each Standalone Base Server license, Licensee may install and use the Software on a single designated server in connection with an unlimited number of applications and in connection with the number of client machines separately licensed by Licensee. The server upon which the Software may be used shall be designated by Licensee at the time the license is activated. The license may not be clustered or integrated with application servers. Any usage beyond this scope shall obligate Licensee to pay Quest additional fees.

ENTERPRISE BASE SERVER

For each Enterprise Base Server license, Licensee may install and use the Software on the designated server(s) in connection with an unlimited number of applications and in connection with the number of client machines separately licensed by Licensee. The server upon which the Software may be used shall be designated by Licensee at the time the license is activate. Any usage beyond this scope shall obligate Licensee to pay Quest additional fees.

MIGRATED USER

Each FASTLANE MIGRATOR and/or FASTLANE NDS MIGRATOR license granted hereunder may be used by Licensee for one Migrated User. A Migrated User is any full-time, part-time, or contract employee or contractor of Licensee with one or more LAN or WAN accounts on Licensee's network capable of being migrated from one domain to another domain or one directory to another directory. The license is non-transferable and may not be transferred to another user after one user's system has been migrated, but may be used multiple times for the same Migrated User. Any usage beyond this scope shall obligate Licensee to pay Quest additional fees.

MANAGED USER

Licensee may use each per-managed user Software license granted hereunder for one Managed User. A Managed User is any full-time, part-time, or contract employee or contractor of Licensee with one or more LAN or WAN accounts capable of being managed by the Software. The license is non-transferable and may not be transferred to another user after one user's system has been managed, but may be used multiple times for the same Managed User. Any usage beyond this scope shall obligate Licensee to pay Quest additional fees.

MAILBOX

One FASTLANE MESSAGESTATS Software license is required for each Microsoft Exchange Mailboxes within Licensee's

organization. In the event the total number of Microsoft Exchange Mailboxes within Licensee's organization exceeds the quantity of FASTLANE MESSAGESTATS Software licenses indicated above, Licensee shall be obligated to pay Quest additional fees.

All Software licensed on a per-server basis may only be used on the server for which it is originally licensed, and, if the license fee for the Software is determined by reference to a tier or other criterion ("Tier"), such Software may be used only on a computer included within the Tier specified. Upon Quest's prior written consent the Software may be transferred from one computer to another computer; provided, however, that if Licensee transfers such Software to another computer of a higher Tier than the Tier for which it was originally licensed, Licensee shall become obligated to pay to Quest an additional license fee for such Software.

SEAT BASED LICENSING

Any software which is licensed on a per-seat basis may only be used on the number of seats indicated on this form. Any usage beyond such amount shall obligate Licensee to pay Quest additional fees.

STORAGEPERT LICENSING

Each StorageXpert license above is based upon the storage capacity of Licensee's operating system may only be used on an operating system of Licensee which does not exceed the tier indicated on this form. Any usage beyond such amount shall obligate Licensee to pay Quest additional fees.

NAMED USER BASED LICENSING

Any Software which is licensed for use by a named user may only be used by that named user. Any usage by another user shall obligate Licensee to pay Quest additional fees.

SERVER (VP DE) VISTA PLUS DEPARTMENTAL

All Vista Plus Departmental Edition ("VPDE") Software is licensed on a per-server basis may only be used on the server for which it is originally licensed. Upon Quest's prior written consent the VPDE Software may be transferred from one computer to another computer. The VPDE fees are per instance of all components on a single server, however JME and WebView Clients may reside on a server other than the primary Vista Instance. Except of the JME Client, the VPDE Software may not be configured to communicate with any other Vista Plus Server. Use of the VPDE Software is limited to 199 named users and/or 99 printer paths. Any usage of the VPDE Software beyond the scope described herein shall obligate Licensee to pay Quest additional fees.

SERVER (VP EE) VISTA PLUS ENTERPRISE EDITION

All Vista Plus Enterprise Edition ("VPEE") Software is licensed on a per-server basis and may only be used on the server for which it is originally licensed. The VPEE Software is priced per-instance of all components on a single server. Upon Quest's prior written consent the VPEE Software may be transferred from one computer to another computer. Any usage beyond this scope shall obligate Licensee to pay Quest additional fees.

SITE LICENSE

Software licensed on a Site License basis may be used by Licensee without limitation as to the size or number of computers, and only on computers located at the "Ship To" site indicated on this Quotation. Any usage beyond this scope shall obligate Licensee to pay Quest additional license fees.

NODE LOCKED

For each Node-Locked license granted, Licensee may install the Software on the platform indicated above, and use the Software on the specific machine designed by Licensee at the time the license is activated. The console may be installed on a separate machine which also shall be designated by Licensee at the time the Software is activated. Each pairing of the analysis engine with a console may be used by only one named user. Any usage of the Software beyond this scope shall obligate Licensee to pay Quest additional fees.

CONCURRENT

For each Concurrent license granted, Licensee may install the Software on any number of client machines, provided that all such client machines are connected to Licensee's concurrent license server. The Software may be used by the number of concurrent users licensed under this Quote and on the platform type identified above. The Software may only be used in the local geographic time zone at the "Ship To" address on this Quotation Form. Any usage of the Software beyond this scope shall obligate Licensee to pay Quest additional fees.

BYTE CODE USER

For each Byte Code Production Server license, Licensee may deploy the Software on one machine which shall be designated by Licensee at the time the license is activated. Licensee may deploy the class libraries of the Software as an integral part of an application only in byte code form, and provided that the class libraries of the Software perform an integral part of the applications identified by Licensee prior to the delivery of the Software. Said applications may be used by Licensee solely for Licensee's internal purposes and may not be resold, sublicensed, or distributed to third parties. Any usage of the Software beyond this scope shall obligate Licensee to pay Quest additional fees.

BYTE CODE CPU

For each Byte Code CPU license granted, Licensee may install and use the Software on a server containing one (1) CPU, such server shall be designated by Licensee at the time the license is activated. Any usage of the Software beyond this scope shall obligate Licensee to pay Quest additional fees.

SOURCE CODE

For each Source Code license granted, Licensee may derive binary code there from (the "Binary Code") on a single computer after registration of that computer' CPU identification with Quest. The Source Code and Binary Code are Confidential Information subject to the Agreement. One license must be purchased for each machine upon which the Source Code and/or Binary Code will be used. Any usage of the Software beyond this scope shall obligate Licensee to pay Quest additional fees.

BASE LICENSE

For each Base License granted, Licensee may (i) install the nexus on one server, (ii) install the workstation on one machine, (iii) install an unlimited number of web server agents, and (iv) an unlimited number of system agents for database servers. Each such server, machine, and web server to be designated by Licensee at the time of license activation. Any usage of the Software beyond this scope shall obligate Licensee to pay Quest additional fees.

NEXUS

Licensee may install the PERFORMASURE NEXUS Software on the number of servers identified in the license quantity field above. Licensee may transfer the Nexus Software among various servers provided that the Nexus Software is not at any time installed on a number of servers that is greater than such quantity. Any usage beyond this scope shall obligate Licensee to pay Quest additional fees.

APPLICATION SERVER AGENT

The Application Server Agent Software may be used on a single application server containing the number of CPU's identified in the quantity of Application Server Agent licenses granted above. Any usage of the Software beyond this scope shall obligate Licensee to pay Quest additional fees. The Software contains features designed to prevent the operation of the Software in excess of the licensed scope.

WORKSTATION

The PERFORMASURE WORKSTATION Software may be installed on any number of client machines. However, the quantity of PERFORMASURE WORKSTATION licenses specified above indicates the maximum number of users who may use the Software. Any usage beyond this scope shall obligate Licensee to pay Quest additional fees.

LOADRUNNER CONNECTOR

For each LoadRunner Connector license granted, Licensee may install and use the Software on one server. Any usage beyond this scope shall obligate Licensee to pay Quest additional fees.

STANDALONE BASE SERVER

For each Standalone Base Server license, Licensee may install and use the Software on a single designated server in connection with an unlimited number of applications and in connection with the number of client machines separately licensed by Licensee. The server upon which the Software may be used shall be designated by Licensee at the time the license is activated. The license may not be clustered or integrated with application servers. Any usage beyond this scope shall obligate Licensee to pay Quest additional fees.

ENTERPRISE BASE SERVER

For each Enterprise Base Server license, Licensee may install and use the Software on the designated server(s) in connection with an unlimited number of applications and in connection with the number of client machines separately licensed by Licensee. The server

upon which the Software may be used shall be designated by Licensee at the time the license is activate. Any usage beyond this scope shall obligate Licensee to pay Quest additional fees.

MIGRATED USER

Each FASTLANE MIGRATOR and/or FASTLANE NDS MIGRATOR license granted hereunder may be used by Licensee for one Migrated User. A Migrated User is any full-time, part-time, or contract employee or contractor of Licensee with one or more LAN or WAN accounts on Licensee's network capable of being migrated from one domain to another domain or one directory to another directory. The license is non-transferable and may not be transferred to another user after one user's system has been migrated, but may be used multiple times for the same Migrated User. Any usage beyond this scope shall obligate Licensee to pay Quest additional fees.

MANAGED USER

Licensee may use each per-managed user Software license granted hereunder for one Managed User. A Managed User is any full-time, part-time, or contract employee or contractor of Licensee with one or more LAN or WAN accounts capable of being managed by the Software. The license is non-transferable and may not be transferred to another user after one user's system has been managed, but may be used multiple times for the same Managed User. Any usage beyond this scope shall obligate Licensee to pay Quest additional fees.

MAILBOX

One FASTLANE MESSAGESTATS Software license is required for each Microsoft Exchange Mailboxes within Licensee's organization. In the event the total number of Microsoft Exchange Mailboxes within Licensee's organization exceeds the quantity of FASTLANE MESSAGESTATS Software licenses indicated above, Licensee shall be obligated to pay Quest additional fees.

**Quest Software, Inc.
Software License Agreement**

**Master License No.
Agreement Date:**

This Software License Agreement (the "Agreement") is made between Quest Software, Inc., a California corporation with its principal place of business located at 8001 Irvine Center Drive, Irvine, California, 92618, USA ("Quest") and <> with its principal place of business located at <> USA ("Licensee").

1. **Definitions.** The following terms shall have the meanings assigned to them below:
 - (a) "Affiliate" means any entity controlled by, controlling, or under common control with Licensee.
 - (b) "Documentation" means the published and generally available user manuals and documentation that Quest delivers with the Software.
 - (c) "Quotation Form" means the Quest ordering document executed by Licensee and a duly authorized representative of Quest which identifies the Software and/or services being ordered by Licensee and which incorporates this Agreement by reference.
 - (d) "Software" means (i) the machine-readable object code version of the software made generally available by Quest and identified on the applicable Quotation Form as well as any corrections, enhancements, and upgrades thereto that Quest may provide to Licensee pursuant to Section 10 below, (ii) the related Documentation, and (iii) all copies of the foregoing.
2. **License.** In consideration for the payment of the applicable fees and upon the execution of the applicable Quotation Form by both parties, Quest shall grant to Licensee, and Licensee shall accept from Quest, a perpetual, non-exclusive, non-transferable and non-sublicensable license to install, execute, access, run, or otherwise interact with the Software within the scope of license granted on the applicable Quotation Form and in accordance with the related Documentation for Licensee's own internal business operations. Licensee may also make a reasonable number of additional copies of the Software solely for non-productive archival purposes, so long as neither the original and a copy nor two copies of the same license are in use at the same time, and so long as each copy contains all titles, trademarks, and copyrights and restricted rights notices as in the original. Nothing in this Agreement entitles Licensee to receive source code for any part of the Software.

3. Affiliate Usage. Affiliates may place orders for Software under this Agreement by signing and delivering a Quotation Form to Quest. Licensee shall be liable for its Affiliates' compliance with the terms and conditions of this Agreement.

4. Restrictions. Quest reserves any and all rights, implied or otherwise, which are not expressly granted to Licensee hereunder, and retains all rights, title and interest in and to the Software. Licensee agrees that it has no right whatsoever to modify the Software or any portion thereof in any manner. Licensee shall not reverse engineer, decompile, disassemble, modify, adapt, rent, lease, loan, create or prepare derivative works based upon the Software or any part thereof. Licensee may not use the Software as a managed service provider, as an application service provider, to perform consulting or training services for a third party, or in any commercial time share arrangement. Licensee may not resell the Software licensed hereunder. Licensee shall not assign the Software to a third party for use in managing Licensee's environment without the prior written consent of Quest.

5. Assignment. Licensee may not assign or transfer its rights or obligations under this Agreement without prior written consent of Quest and any purported assignment or transfer without Quest's consent shall be null and void.

6. Payment. Licensee shall make all payments in full within thirty (30) days from the date of the applicable invoice. Any amounts payable by Licensee that remain unpaid after the due date shall be subject to a late charge equal to 1.5% of the invoice amount per month from the due date until such amount is paid, or the maximum rate permitted by law if less.

7. Taxes. The fees listed in the Quotation Form may not include taxes; if Quest is required to pay sales, use, property, value-added or other taxes based on the Software or services provided under this Agreement or on Licensee's use of Software or services, then such taxes shall be billed to and paid by Licensee. This section does not apply to taxes based on Quest's income.

8. Termination. This Agreement or an individual license granted hereunder may be terminated (a) by mutual agreement of Quest and Licensee, (b) by Licensee, upon thirty (30) days prior written notice to Quest, and (c) by Quest, if Licensee or its Affiliate breaches this Agreement and fails to cure such breach to Quest's reasonable satisfaction within thirty (30) days following receipt of Quest's notice thereof. Upon any termination of this Agreement or a license granted hereunder, Licensee shall immediately cease use of the applicable Software and certify in writing to Quest within thirty (30) days after termination that Licensee has destroyed or returned to Quest such Software and all copies thereof. Termination of this Agreement or a license granted hereunder shall not limit either party from pursuing any remedies available to it, including injunctive relief, or relieve Licensee of its obligation to pay all fees that have accrued or have become payable by Licensee hereunder. The provisions of Sections 4, 6, 8, 11, 12, 13, 14, 16 and 17 will survive termination of this Agreement.

9. Export Law Assurances. Licensee shall not export or re-export, or allow the export or re-export of the Software or any copy, or portion thereof, in violation of any export laws, restrictions, national security controls or regulations of the United States or other applicable foreign agency or authority.

10. Maintenance. During any Maintenance Period and for the applicable fees, Quest shall make available to Licensee the Maintenance Services as listed in this Section 10. The "Maintenance Period" is a twelve (12) month period. The first Maintenance Period begins on the date of the first invoice for the Software and ends twelve (12) months thereafter. Each Maintenance Period shall automatically renew for another twelve (12) months unless the renewal has been cancelled by either party's giving written notice at least sixty (60) days prior to the first day of the renewal Maintenance Period. Maintenance fees shall be due in advance of renewal.

Maintenance Services consist of the following:

(a) Quest shall make available to Licensee new versions and releases of the Software, including Software corrections, enhancements and upgrades, if and when Quest makes them generally available without charge as part of Maintenance Services for the Software.

(b) Quest shall respond to unlimited communications from Licensee that report Software failures not previously reported to Quest by Licensee.

(c) Quest shall respond to unlimited communications from Licensee's Technical Coordinators that request consultation on the operational/technical aspects of the Software; provided that Quest shall have the right to limit such responses if Quest determines, in its sole reasonable discretion, that on-site consultation at Quest's then-current rate is required.

(d) Licensee shall have access to Quest's Technical Support Web site: 'SupportLink' at <http://www.quest.com/support>.

(e) Maintenance Services for the Shareplex Software are available 24X7. For all other Software, Maintenance Services are available during standard support hours ("Business Hours") as indicated on SupportLink. Extended support may also be available for other Software.

(f) For all Software, Quest's Maintenance Services shall be available via the Web, email, or telephone. For SQL Navigator, TOAD, JClass, DeployDirector, and XRT Software, Quest will respond to inquiries within four (4) Business Hours from receipt of the inquiry. For all other Software, Quest will respond to inquiries within two (2) Business Hours from receipt of the inquiry.

(g) During Business Hours, Quest will respond within thirty (30) minutes to a call from Licensee which reports a critical Software condition that significantly impacts Licensee's production environment or that makes the use or continued use of the Software impossible (a "Level 1 Problem"). Licensee must use commercially reasonable efforts to provide Quest with the necessary remote access to facilitate the identification and resolution of a Level 1 Problem. Quest's ability to identify and resolve a Level 1 Problem may be delayed without such remote access.

11. Limited Warranty. Quest warrants that for a period of thirty (30) days from the initial date of delivery (i) the media provided by Quest, if any, on which the Software is recorded will be free from material defects in materials and workmanship under normal use, and (ii) the operation of the Software, as provided by Quest, will substantially conform to the Documentation applicable to such Software.

THE FOREGOING WARRANTIES ARE EXCLUSIVE AND IN LIEU OF, AND QUEST HEREBY DISCLAIMS, ALL OTHER WARRANTIES, WHETHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

Licensee must report in writing any breach of the foregoing warranties to Quest during the warranty period. Licensee's exclusive remedy, and Quest's sole obligation, for any such breach of warranty shall be for Quest to replace defective media or to correct or provide a workaround for reproducible errors that cause a breach of the warranty within a reasonable time considering the severity of the error and its effect on Licensee, or, at Quest's option, refund the license fees paid for the nonconforming Software upon return of such Software to Quest and termination of the related license hereunder.

12. Infringement. Quest will at its own expense defend or settle any claim, suit, action, or proceeding brought against Licensee by a third party (a "Claim") to the extent that the Claim is based on an allegation that use of the then-current version of the Software in accordance with this Agreement directly infringes any United States copyright, trademark, or patent issued as of the Agreement Date or misappropriates any United States trade secret ("Infringes"); provided that Licensee (i) gives prompt written notice of such Claim to Quest; (ii) permits Quest to retain sole control of the investigation, defense or settlement of such Claim, and (iii) provides Quest with such cooperation and assistance as Quest may reasonably request from time to time in connection with the investigation, defense or settlement thereof. Quest shall have no obligation hereunder to defend Licensee for any claim (a) resulting from use of the Software other than as authorized in this Agreement, (b) resulting from a modification of the Software other than by Quest, or (c) based on Licensee's use of the Software after Quest recommends discontinuation because of possible or actual infringement, or (d) based on Licensee's use of a superseded or altered release of Software if the infringement would have been avoided by use of a current or unaltered release of the Software made available to Licensee.

If the Software is adjudged by a court of competent jurisdiction to Infringe, and Licensee's use of such Software is enjoined, Quest shall, at its expense and option either (i) obtain for Licensee the right to continue using the Software, (ii) replace the Software with a functionally equivalent non-Infringing product, (iii) modify the Software so that it is non-Infringing, or (iv) accept the return of the Infringing Software and refund a pro-rated portion of the license fee paid for the Infringing Software, based on a five (5) year product life. This Section 12 states the entire liability of Quest, and Licensee's sole and exclusive remedy, with respect to indemnification.

13. Limitation of Liability and Damages. IN NO EVENT WILL LICENSEE, QUEST OR QUEST'S SUPPLIERS BE LIABLE FOR ANY AMOUNTS UNDER ANY CONTRACT, NEGLIGENCE, STRICT LIABILITY OR OTHER LEGAL OR EQUITABLE THEORY ARISING FROM ANY CONSEQUENTIAL, INCIDENTAL, INDIRECT OR SPECIAL DAMAGES WHATSOEVER (INCLUDING, BUT NOT LIMITED TO, DAMAGES FOR LOSS OF BUSINESS PROFITS, BUSINESS INTERRUPTION, REPROCUREMENT, LOSS OF BUSINESS INFORMATION OR DATA AND THE LIKE), EVEN IF SUCH PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. QUEST'S CUMULATIVE LIABILITY FOR ANY CAUSE RELATED TO OR ARISING FROM THIS AGREEMENT, AND REGARDLESS OF THE FORM OF THE ACTION, WILL BE LIMITED TO NO GREATER THAN THE AMOUNT OF LICENSE FEES PAID TO QUEST UNDER THIS AGREEMENT, AND IF SUCH DAMAGES RELATE TO PARTICULAR ITEMS OF SOFTWARE OR SERVICES PROVIDED BY QUEST, SUCH LIABILITY SHALL BE LIMITED TO THE FEES PAID FOR THE RELEVANT SOFTWARE OR SERVICES. NO ACTION MAY BE BROUGHT AGAINST QUEST LATER THAN ONE (1) YEAR AFTER THE CAUSE OF ACTION OCCURRED, AND EXCEPT AS PROVIDED IN SECTION 12 ABOVE, IN NO EVENT WILL QUEST BE LIABLE FOR ANY CLAIMS, DEMANDS OR ACTIONS OF ANY NATURE BROUGHT BY ANY THIRD PARTY AGAINST LICENSEE.

14. Nondisclosure. "Confidential Information" means the Agreement, Software, source code, object code, trade secrets, know-how and any proprietary tools, proprietary knowledge or proprietary methodologies disclosed by one party (the "Disclosing Party") to the other party (the "Receiving Party") and not generally available to the public. The Receiving Party shall observe complete confidentiality with respect to the Confidential Information, and shall use commercially reasonable efforts and take all reasonable steps to protect the Confidential Information from any use, reproduction, publication, disclosure, or distribution except as specifically authorized by this Agreement. The Receiving Party shall promptly notify the Disclosing Party of any known unauthorized use or disclosure of the Confidential Information and will cooperate with the Disclosing Party in any litigation brought by the Disclosing Party against third parties to protect its proprietary rights.

15. Injunctive Relief. Each party acknowledges and agrees that in the event of a material breach of this Agreement, including but not limited to a breach of Section 2 ("License"), Section 4 ("Restrictions"), or Section 14 ("Nondisclosure") of this Agreement, the non-breaching party shall be entitled to seek immediate injunctive relief, without limiting its other rights and remedies.

16. Usage Verification. At Quest's request, but not more frequently than annually, Licensee shall furnish Quest with a document signed by Licensee's authorized representative verifying Licensee's usage of the Software. Licensee will permit Quest to review Licensee's deployment and use of the Software for compliance with the terms and conditions of this Agreement at Quest's expense. Any such reviews shall be scheduled at least fifteen (15) days in advance, shall be conducted during normal business hours at Licensee's facilities, and shall not unreasonably interfere with Licensee's business activities. If Licensee's use of the Software is found to be greater than contracted for, Licensee will be invoiced for the additional licenses or license upgrades (based on the applicable units of measure, e.g., servers, server tiers or users) and the unpaid license fees shall be payable in accordance with this Agreement. Additionally, if the unpaid fees exceed five percent (5%) of the license fees paid for the subject Software, then Licensee shall also pay Quest's reasonable costs of conducting the audit.

17. General.

(a) This Agreement shall be governed by and construed in accordance with the laws of the State of California, excluding its conflicts of laws principles. The parties agree that the United Nations Convention on Contracts for the International Sale of Goods does not apply to this Agreement. Furthermore, the parties acknowledge that terms of the Uniform Computer Information Transaction Act (also known as UCITA) shall not apply to this Agreement, regardless of the states in which the parties do business or are incorporated. Any action seeking enforcement of this Agreement or any provision hereof shall be brought exclusively in the state or federal courts located in the County of Orange, State of California, United States of America. Each party hereby agrees to submit to the jurisdiction of such courts.

(b) If any provision of this Agreement shall be held by a court of competent jurisdiction to be contrary to law, that provision will be enforced to the maximum extent permissible and the remaining provisions of this Agreement will remain in full force and effect.

(c) The Software is a "commercial item" under FAR 12.201. Consistent with FAR section 12.212 and DFARS section 227.7202, any use, modification, reproduction, release, performance, display, disclosure or distribution of the Software or Documentation by the U.S. government shall be governed solely by the terms of this Agreement and shall be prohibited except to the extent expressly permitted herein.

(d) All notices, requests, demands or communications required or permitted hereunder, including but not limited to billing contact information, shall be in writing, delivered personally, or mailed by first class mail, postage prepaid, addressed to the parties as set forth above or at such other address as shall be specified in writing by either of the parties to the other in accordance with this Paragraph 17(d). All notices, requests, demands or communications shall be deemed effective upon personal delivery or four (4) days following deposit in the U.S. mail in accordance with this paragraph.

(e) Licensee agrees that Quest may include Licensee in Quest's listing of customers and may announce Licensee's selection of Quest in its marketing communications.

(f) Performance of any obligation required by a party hereunder may be waived only by a written waiver signed by an authorized representative of the other party, which waiver shall be effective only with respect to the specific obligation described therein.

(g) This Agreement may be executed in one or more counterparts, each of which shall be deemed an original and shall constitute one and the same instrument.

(h) Except for payment obligations, each party will be excused from performance for any period during which, and to the extent that, it is prevented from performing any obligation or service as a result of causes beyond its reasonable control, and without its fault or negligence, including without limitation, acts of God, strikes, lockouts, riots, acts of war, epidemics, communication line failures, and power failures.

(i) Quest Software Inc. is a federal contractor and Affirmative Action employer (M/F/D/V) as required by the Equal Opportunity clause C.F.R. § 60-741.5(a).

(j) This Agreement, together with the attached exhibits, if any, and Quotation Forms constitute the entire agreement between the parties regarding the subject matter hereof and supersedes all prior or contemporaneous agreements or representations, written or oral, concerning the subject matter of this Agreement and such exhibits or Quotation Forms. The terms of any Quotation Form shall incorporate the terms and conditions of this Agreement and shall control over any conflicting terms and conditions contained in this Agreement. Terms or conditions contained in Licensee's purchase orders shall apply only to the extent they confirm the Software and services ordered, Licensee's commitment to pay the applicable fees, and the requested shipment date. Neither this Agreement nor any Quotation Form may be modified or amended except by a writing executed by a duly authorized representative of each party. No other act, document, usage or custom shall be deemed to amend or modify this Agreement. This Agreement and any Quotation Form are legally binding only upon receipt of Licensee's signature and upon counter-signature by a duly authorized representative of Quest.

Fee For Service (FFS) (Continued)

(File Layout Definition)

The FFS payment is calculated by dividing the “Amount Paid to Vendor” column on the army Fee-for-Service Reconciliation Report by 1.01, and then multiplying this value by .01. (Example provided below):

A	B	C
DOLLAR AMOUNT OF TRANSACTION	COLUMN A DIVIDED BY 1.01	SCP 1% FFS (1% OF COLUMN B)
\$1,000.00	\$990.10	\$9.90

NOTE: The rounding feature in Excel is not to be utilized when totaling columns of numbers.

Fees and Payment

Fees and Payments

1. **GSA Industrial Funding Fee.** The unit prices include a markup to account for the GSA fee. The contractor shall be responsible for all required filings to GSA and for payment of this fee in accordance with applicable GSA instructions.
2. **Acquisition, Contracting, and Technical (ACT) Fee.** The cost of awarding, administering and managing this BPA is included in the prices charged to ordering activities. The ACT fee is 2%. Remittance of the ACT fee shall be made on a calendar quarterly basis (i.e. January – March, April – June, July – September, and October – December) or as otherwise requested by the Software Product Manager (SPM) and is due thirty (30) days following approval of the report for the completed reporting period. ACT fees that have not been paid within the prescribed thirty (30) days, shall be considered a debt to the United States Government under the terms of FAR 32.6. The Government may exercise all its rights under the contract, including withholding or setting off payments and interest on the debt (see contract FAR clause 52.232-17, interest). Failure of the Contractor to pay the ACT Fee in a timely manner may result in termination of the BPA.
3. **Working Capital Fund (WCF) Fee.** Reserved
4. **Fee Distribution.** The Army, Air Force, the DLA, and the Navy are participating in a fee-sharing program. The Contractor shall collect the 2% ACT fee and distribute in accordance with the following procedures. Fee sharing shall be determined by the End User Agency or Service identified in the monthly Report of Sales. This field shall be notated Air Force, Army, the DLA, Navy, or DOD as appropriate.

(For a SmartBUY agreements: The Air Force, Army, DLA, Navy, and GSA (for SmartBUY Federal government Civilian Agency orders) are participating in an ACT fee-sharing program. For orders within DoD, the 2% ACT fee is split equally between the DoD Component whose customer places the order and the Component that manages the contract. The Contractor shall collect the 2% ACT fee and distribute in accordance with the following procedures. ACT fee sharing shall be determined by the End User Agency or Service identified in the monthly Report of Sales. This field shall be notated Air Force, Army, DLA, Navy, DoD or Non-DoD as appropriate. In the case of SmartBUY orders (Federal Government Civilian Agencies) non-DoD orders and non DoD support contractor orders, excluding the Intelligence Community and non Coast Guard orders or support vendors to same, the 2% ACT fee is split equally between the Agency that manages the contract and GSA SmartBUY Program Management Office.)

4.1 ALL SALES:

The 2% ACT fee is split equally between the DoD Component whose customer places the order and the DoD Component that manages the ESI agreement. In other words, any Air Force order against an ESI agreement managed by the Navy results in a 1% portion of the 2% fee being returned to the Air Force acquisition organization (listed under Air Force Sales). The Navy will retain the entire 2% fee under orders issued for Navy activities or those activities that do not collect a fee under the ESI agreements managed by the Navy. The contractor is responsible for distributing the ACT fee to all applicable Services in accordance with the instructions herein. The amount of ACT Fee due the FMO shall be calculated at 1% for Army sales, 1% for DLA, 1%

for Air Force sales, and 2% for all other sales. For SmartBUY agreements, GSA would receive a 1% ACT fee of non-DoD sales.

Remit ACT Fee to the Financial Management Office (FMO) by corporate or cashier's check made payable to "Treasurer of the United States". No transmittal letter is required with submission of Navy fee checks.
