\*\*\* End of Narrative A0000 \*\*\*

The purpose of this modification is to:

1. Administratively incorporate the following clause by reference: FAR 52.232-37 MULTIPLE PAYMENT ARRANGEMENTS.
2. Revise Section F, specifically F.1 Contract Life, to read as follows: The total term of contract, including options is fifty five months, with a 60 day phase-in period. The base term is thirty one months, subject to the exercise of one, two year option. If the performance under the contract is delayed or suspended, the Government reserves the right in its discretion to exercise an option to extend the contract term for an additional period commensurate with the delay or suspension.
3. Incorporate a revised Section J, Attachment 3, Contract Management Reports, dated 6 August 2013, and a revised Section J, Attachment 3, Exhibit 1 - Order Transactions. This document is identified as "Attachment 0001" in the modification.
4. All other terms and conditions remain unchanged and in full force and effect.

## 1. General Information (applies to all reports)

### CHESM Manages Data by Contract:

- Reports must be submitted and managed by contract. Vendors with more than one contract with CHESM must maintain contract data integrity by submitting and managing separate reports for each contract. CHESM will not accept mixed contract data submitted in the same report.

### Report Format:

- All reports shall be submitted using either Microsoft Excel version 97-2007 .xls format or .xlsx format. The spreadsheets shall contain text values only. **The spreadsheets shall not contain formatting other than column data-type formatting; rounding of number/dollar values, hard line returns, or other embedded special characters will result in long load times and report rejection.**
- All reports contain data fields that are optional. If there is no data to report in these fields the field must be left empty. (No spaces, returns, tabs, etc.)
- All date columns DD-MMM-YYYY
- No null rows: row 1 should contain the column headers with no open rows above it.

### Report Delivery:

- All reports shall be emailed as attachments to: [peoeis.pdchess.vndrrpts@us.army.mil](mailto:peoeis.pdchess.vndrrpts@us.army.mil) or as per most recent direction from CHESM, with a copy sent to the designated CHESM Product Leader(s).
- When a file reaches 10Mb, the vendor will begin another cumulative file.

### Reports are due as follows:

- In accordance with this document as indicated for each report.

### Negative OT Reports:

- An e-mail response is required for negative OT reports (no transactions to report).

### Rejection of reports:

- Vendor reports will be loaded via an automated process. Therefore, CHESM reserves the right to reject reports submitted by the vendor if necessary. Possible reasons for rejection are missing information or formatting issues. Report submissions must meet the formatting guidelines provided in this document. Each report will be checked by CHESM for content as well as formatting. If CHESM rejects a report, the report will be returned to the vendor with an explanation identifying the problem(s).
- The vendor must make the necessary corrections and **resubmit the report in its entirety within three (3) business days from the day the report was returned.**
- CHESM will advise the vendor within 2 working days of receipt of a revised report whether the revised report is accepted. If the revised file still contains errors it will be rejected and returned to the vendor for correction. Subsequent reports will NOT be accepted by CHESM until all the required corrections have been made and CHESM has notified the vendor that the revised report is accepted.

### Common Rejection Reasons:

- Formatting Issue
  - File not in Excel Spreadsheet (Version 97-2007) .xls or .xlsx format
  - Missing Columns
  - Incorrect naming convention of the OT Report
  - Missing Column Headings (column headings should match the "Column Name" column in Attachment 3, Exhibit 1)
  - Spreadsheet contains Macros, links, etc.
- Data Issues
  - Missing "Required" data (Ex. Contract Number)
  - Data type is incorrect for the column. (Ex. A column for numeric data has text)
  - Data exceeds maximum length acceptable for column(s)
  - Date is presented in the incorrect format (DD-MMM-YYYY no leading zeros)
  - Numbers within the report contain more than 2 decimal places.
  - The Order/Mod total does not match the sum of the items being reported
  - Invalid Service Agency, Army Activity, State or Country Code
  - No Formatting, hard line returns, embedded special characters or word wrapping within a column
  - Missing or Invalid UNSPSC
  - "Duplicate Orders" (Order with different transaction dates and no Mod associated with it)

## Revised Reports:

- Revised reports must be submitted as a complete file (i.e. make changes/corrections to the original file and resubmit the entire file, not just what was changed).
- The file name format when submitting revised files must follow the file name format stipulated for each report (Order Transaction, Vendor Status, Product Attributes) with the addition of (Rev) immediately preceding the file extension .xls. For example, the first revision of a cum-1 OT report would be named:  
ContractNumber\_OT\_yyyy\_mm\_dd\_cum-1(Rev1).xls
- Subsequent revisions to the same file should indicate the revision number (e.g. Rev2, Rev3, etc).

## File Names:

- File names must not exceed 50 characters. The date in the file name should be the submission date and should not indicate the end or start dates of data within the report.

## 2. Order Transaction (OT) report

- OT reports will be submitted weekly by close of business (COB) on Tuesday.
- An e-mail response is required for negative reports (no transactions to report).
- The file name format for the first OT report is: ContractNumber\_OT\_yyyy\_mm\_dd\_cum-1.xls. Due to the limitations of Excel, a mutually agreeable cut-off date for the cum-1 report will be determined or if the file reaches 10Mb. Subsequent files shall only contain data not already reported in cum-1. Subsequent files shall be named ContractNumber\_OT\_yyyy\_mm\_dd\_cum-2.xls, cum-3, cum-4, etc.
- No extra spaces, commas, or ampersands allowed in the spreadsheet. Dashes are allowed. Leading zeros are allowed to be dropped in order to avoid leading apostrophes which violate formatting rules.
- The OT report is cumulative in nature. Each report shall include all transactions from contract inception up to the Saturday preceding the submission date of the file.
- All columns are required, even when there is no data for a specific column.
- All new entries or changes must be identified by highlighting in yellow the line number and the data in the line that has changed or been added.
- The email message that includes the submitted OT report must contain the following:
  1. any changes to the report since the last report and include the line number and the type of transaction (i.e. award, cancellation, de-obligation, etc.)
  2. the total dollar value of the cumulative OT report being submitted in the email message. The value stated in the email message will be used by CHESSE to match the sales dollars in OTSIII after the load process.
- ***If the total dollar value stated in the forwarding email message does not match the total dollars of the OT report being submitted, the report will be rejected and returned to the vendor for correction.***
- If an RFP number is missing (COL D), or if the RFP number does not match an *e-mart* RFP number, then the file – in its entirety – will be rejected.
- Task Order type (Col K) should reflect one of the abbreviations provided below. If a task has multiple types, use predominant type.

Abbreviation	Long Description
CPAF	Cost Plus Award Fee
CPFF	Cost Plus Fixed Fee
CR	Cost – Reimbursable
CT	Cost – Cost Type Contract
FP	Fixed Price
FFP	Firm Fixed Price
LH	Labor Hours
T&M	Time-and-Materials

- The dollar amount reflected in Column R (Dollar amount of Transaction) must match the total order/mod value.
- Entries for column “AD” (Country) must come from the CHESSE “Country List” found at [https://chess.army.mil/CMS/A/SRV\\_CONCOD](https://chess.army.mil/CMS/A/SRV_CONCOD)
- Entries for columns “AG” and “AH” must come from the CHESSE “Service/Agency” found at [https://chess.army.mil/CMS/A/SRV\\_ARMY\\_ACT](https://chess.army.mil/CMS/A/SRV_ARMY_ACT)
- Column J must contain a United Nations Products and Services Code (UNSPSC) for each CLIN. UNSPSC codes for other products in ECCMA format can be found at <http://www.eccma.org/resources/UNSPSCDownloads.php> .
- If a transaction contains a mixture of items shown above, the UNSPSC for that item should identify the dominant item provided under the transaction.

- Since the OT report is cumulative, vendors may correct previously reported information in subsequent reports (see Section 1. General Information, Revised Reports) such as:
  - Removing a cancelled order or an order/mod previously reported in error.
  - Correcting dollar amounts previously reported by an order/mod.
  - Correcting items ordered previously reported for an order/mod.

### 3. Monthly Task Order Status report

- MTOSR will be submitted monthly, by the 15<sup>th</sup> of each month.
- An e-mail response is required for negative reports (no transactions to report).
- The file name format for the MTOSR report is “contractnumber\_MTOSR\_yyyy\_mm.xls”

### 4. Evaluation of Contractor’s Task Order Performance

- At Task Order completion or renewal, the contractor shall submit a request for a performance evaluation to the Order Contracting Officer’s Representative (OCOR) or his/her designated representative.
- The OCOR, or his/her designated representative, shall complete these evaluations for each task order, regardless of dollar value, within 30 days of completion.
- Performance evaluations shall also be completed annually for orders that have a performance period in excess of one year.
- Annual performance evaluation shall be completed within 30 days of task order renewal.
- Performance evaluations may also be done as otherwise considered necessary throughout the duration of the order (but generally no more than quarterly).
- The performance evaluations will be located on the CHESS website at [https://chess.army.mil/CMS/A/SRV\\_ITS-SB\\_EVL\\_CON](https://chess.army.mil/CMS/A/SRV_ITS-SB_EVL_CON)
- An example of the performance evaluation form is provided at Exhibit 4. The **ITS-SB** COR will provide the Contractor with a summary of all performance reviews for comment as part of the Vendor Contract Review meeting.

### 5. Small Business Subcontracting Participation Plan Report

- The SBR is due monthly, by the 15<sup>th</sup> of each month.
- The file name format for the SBR report is “contractnumber\_SBR\_yyyy\_mm.xls”

### 6. Product Attribute report

- Product Attribute reports are due, no later than 10 days from when:
  - Labor rates have changed or
  - New labor categories are added to the catalog
- The file name format for the Product report is Contractnumber\_PA\_yyyy\_mm\_dd.xls
- The Product report must be a full replacement. CHESS will replace the vendors’ existing Product file with the most recent submission. Partial updates are not permitted.
- Each Product report may contain only one worksheet.
- Each item in the Product report must provide, in column N (Description), an easy to understand description of the labor category.
- Each item in the Product report is limited to one row of the spreadsheet and must have a unique item number which must be consistent throughout the lifecycle of that item. Each row must also have a unique price associated with the item.
- UNSPSC codes for Column F can be found at <http://www.eccma.org/resources/UNSPSCDownloads.php>.

### 7. Performance based Progress Report

The Contractor shall provide a report on a quarterly basis to report the performance-based aspects (proposed measures/metrics and incentives/disincentives). Submission of this report will commence at least within six months after receipt of initial task order. The report shall be submitted by the 15<sup>th</sup> of the month following the end of a quarter. Additional reports shall be provided as required in individual orders.
