

Webfiltering BPA Fact Sheet

Background: On 01 APR 13, the US Army Contracting Office–Rock Island (ACC-RI) Contracting Command, in coordination with CHESS awarded an Army BPA to SMS Data Products Group, Inc. for Smartfilter and Bluecoat licenses and software maintenance. The Period of Performance for this agreement is 22 AUG 2006 to 21 MAR 2017.

What's included in the Webfiltering BPA?

The products on this BPA include two webfiltering software products and maintenance for Smartfilter and Bluecoat. This software is used to filter out unwanted web sites determined by the Army to be inappropriate.

License Allocation

Ordering is open to all Army customers.

Webfiltering BPA

Cost Per License
